POLICIES AND REGULATIONS

BOARD MEMBER AUTHORITY

The Board member as an individual has no official power since only the action of the Board as a whole is recognized by law. This indicates that policies and decisions for operation of the school district must come from the Board as a whole through its actions at official Board meetings.

Although a Board member as an individual may listen to problems of residents concerning school matters, the member shall not offer counsel in the name of the Board or make commitments involving the Board. No individual member of the Board is at liberty to direct the actions of any staff member.

Each individual Board member has the responsibility to represent, open-mindedly, the entire school district. The Board member's consideration for the entire school district should take precedence over every form of local area partisanship and special interest.
