BOARD POLICY DEVELOPMENT

The policies of the school district shall consist only of those policies officially adopted by the Board of Trustees of the school district. The only persons empowered to make and adopt policies for the school district are the members of the Board of Trustees acting at official board meetings as a board of trustees. The administration of the school district are employed to carry out the policy of the school district and are not authorized or empowered to make or adopt policies for the school district. The policies officially adopted by the Board of Trustees of the school district will have the date of adoption noted thereon and will be placed in the official policy manual of the school district.

It is the intent of the Board to develop policies and put them in writing so that they may serve as guidelines for the successful and effective operation of the district schools.

The schools of the district shall be operated on the basis of board general policies established by the Board. The various policies of the Board and district-wide regulations shall be the basis on which principals administer their schools and establish specific rules, regulations, and procedures for student bodies and staff.

Proposals regarding policies may originate at any of several sources: parents, students, taxpayers, employees, members of the Board, the superintendent, a district or school committee, civic groups, etc.

A careful and orderly process shall be used in examining such proposals prior to action upon them by the Board. Employees and others whom such proposals affect will be given opportunity to comment on them.

Final action on such proposals, whatever their source, shall be by the Board in accordance with its policy on policy adoption. The Board shall take action after receiving the recommendation of the superintendent.
