FOOD SERVICES MANAGEMENT

Food services will be provided in all schools of the district. The Board shall set the prices for lunches and milk. Students and staff members shall be permitted to bring their lunches from home and to purchase beverages and incidental items. No charge shall be made for meals served to cafeteria workers or to teachers assigned lunchroom duty.

The superintendent shall have general supervision of the school lunch program and may delegate such authority as shall be conducive to a smooth and efficient operation. Direct management of the lunchroom, however, shall be the responsibility of the lunchroom manager who shall report directly to the building principal and cooperate closely with him/her. The lunchroom manager shall be responsible for planning menus, preparing and serving as many meals each day as conditions demand, and purchasing the necessary foods to provide such meals.

The Board shall employ food services workers to perform the duties necessary to efficiently prepare and serve lunchroom meals. These employees shall be directly responsible to the lunchroom manager and the building principal.

Proper decorum must be observed by all who use the lunchroom facilities. To help control the behavior of students, teachers shall be assigned lunchroom supervision duties by the building principal. Disciplinary measures shall be the responsibility of the teacher on duty, not the lunchroom manager.
