INSURANCE MANAGEMENT

The Board has the responsibility to maintain an adequate insurance program to protect the property of the district against fire, vandalism, theft; to protect the district, Board members, and employees against general liability resulting from the discharge of responsibilities and duties; and to offer protection against injury for all employees while acting in behalf of the school. The Board may also authorize and participate in an insurance program for students and employees.

The responsibility of administering the total insurance program shall be delegated to the superintendent. In purchasing new insurance or in reviewing the total insurance program, the superintendent will first prepare for review and approval specifications for insurance coverage so that the insurance may be placed by competitive bid.
