INTERSCHOLASTIC ATHLETICS

The Board of Trustees believes that students benefit from the experiences made possible through participation in school sports. Learning how to deal with success and failure, developing self-discipline, experiencing the successes of teamwork, and developing physical skills are some of the benefits which can come from these programs.

All interscholastic programs shall require Board approval and shall operate under the general supervision of the building principal. Qualified personnel shall be assigned to supervise and coach the various sports as needed.

Membership of the district or an individual school in the Wyoming High School Activities Association (WHSAA) shall be subject to the approval of the Board.

Each high school principal shall serve as the district's voting representative to all meetings of athletic associations or leagues in which the district maintains membership.

The eligibility of students to participate in athletic programs shall be determined in accordance with regulations of the WHSAA. However, additional requirements for eligibility may be established from time to time by the Board.
